COUNCIL COMMUNICATIONS**

CC: LTR
Amend No.

Date prepared: June 1, 2009 **Council Meeting**
Date: June 16, 2009

TO: Honorable Mayor and Council
FROM: Steve Kemp, City Attorney 
SUBJECT: Ordinance amending Chapter 14 of the Peoria City Code
pertaining to Commercial Vehicles

RECOMMENDATION: That the Mayor and Council adopt the ordinance amending Chapter 14 of the Peoria City Code (1992) pertaining to parking commercial vehicles in the rear yards of residential properties.

SUMMARY:

During the last year we have had issues with commercial vehicles being parked in the rear yards of residential properties. The Current City Code provision prohibits such parking unless the rear yard is screened by a wall at least six feet in height. The problem occurs that some commercial vehicles may exceed 10 feet in height and may be parked in close proximity to the fence.

The proposed code change would modify the code to provide that no commercial vehicles could be parked in the rear yards of residential properties. This would not apply to vehicles of employees of public service corporations, such as SRP/APS or Telecommunication Companies such as Cox, which are subject to provisions of state law.

Additionally, this would not apply to recreational vehicles, which could still be parked in the rear yard if a fence of six feet in height were in place. This ordinance is designed to address the concerns that have arisen and it is my recommendation to address those concerns that the Mayor and Council adopt the proposed ordinance to amend Chapter 14 of the Peoria City Code (1992) pertaining to commercial vehicles.
